HOME OF TOMORROW . . . Artist's conception of the new Dodger Stadium at Chavez Ravine which will be the scene of club's games in 1961. Terraced parking, beautifully landscaped grounds, numerous lanes for entering and leaving the Stadium area, the finest seating arrangement in any outdoor arena, unobstructed vision from every seat, the most effective lighting system in baseball for night ball, a playing field of balanced measurements in left and right field, a breath-taking, sky-high view of the amazingly picturesque Los Angeles area and many other features will make this Stadium a landmark of world-wide acclaim.

HOME RUN DATA

The Dodgers are the first team in Natonal League history ever to have two 300-home run hitters on their club at the same time. Duke Snider and Gil Hodges rank third and fifth on the all-time N.L. home run list with 354 and 345 respectively. The other members of the top N.L. home run five are Mel Ott (511), Stan Musial (412) and Ralph Kiner (351). Hodges needs only seven more home runs to become the leading right handed home run hitter in N.L. history. During the past dozen years the Dodgers have hit more home runs than any other club in the majors with a total of 2,015 from 1948 through 1959, as compared to 1,944 for the runner-up Giants.
